*Merchants does not currently take tax credits for EV purchases because our tax position does not allow us to take the benefit. However, Merchants can structure a specialized EV Master Lease Agreement that allows customer to take the tax incentives for a leased vehicle provided customer qualifies for them, even though Merchants holds title to the asset.*

## STATE

### [Electric Vehicle \(EV\) Charging Station Financing Authorization](#)

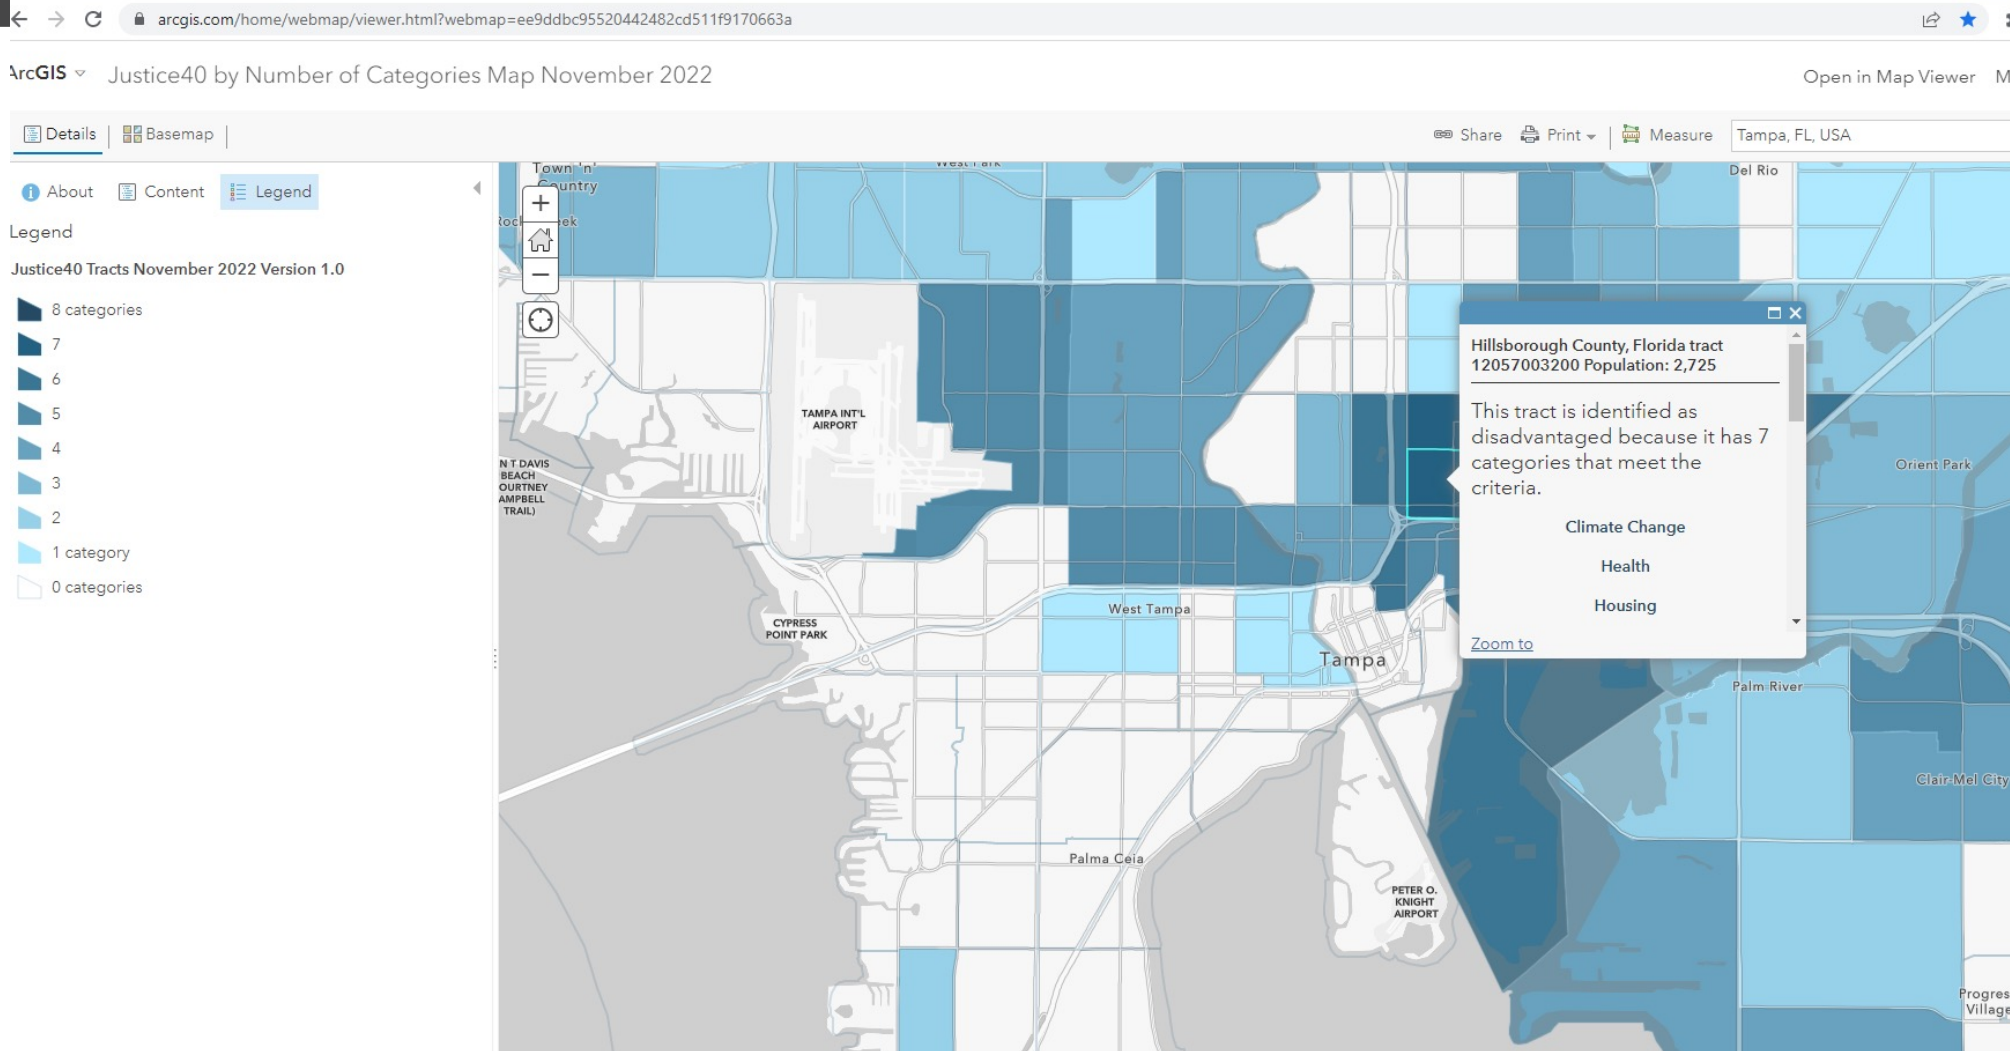

Local governments may offer funding to property owners within their jurisdiction to help finance EV charging station installations on their property or enter into a financing agreement for the same purpose. For additional information, property owners should contact their local government. (Reference [Florida Statutes](#) 163.08)

## UTILITY

### **Commercial Electric Vehicle (EV) Charging Station Pilot Program – Tampa Electric Company (TECO)**

TECO's Drive Smart Program offers business customers a rebate of up to \$5,000 per port for the purchase and installation of public EV charging stations. Eligible project locations include workplace, public or retail, multi-unit dwelling, income-qualified, and government sites. Additional funding is available for EV charging stations installed in income-qualified areas and government sites.
